

## Guidance for Assent for persons below ages eighteen

### Flow Chart for Decision Making on Assent

The trajectories that are possible in scenarios where we obtain consent for persons between various ages are detailed in the flow chart. For those below 12, parental or guardian's consent is considered sufficient. Those aged 18 and above give consent on their own behalf. For those between the ages 12-18, special considerations are necessary.

Approved by the IEC in the Meeting on April 16, 2016 and posted on the IEC website on August 19, 2016
